## ANNUAL FUNDRAISING EVENT

Presented by:  
**Your company name  
& logo here!**

DATE: December 2009

TO: Our Strong Community Supporters

Dear Supporter:

Crooms Academy of Information Technology is hosting TechFest IV. This event features opportunity for our students to meet our business partners, our business partners to meet one another, and for our students to showcase their talents and knowledge before our technology community.

At Crooms we have created a legacy of excellence in education. Crooms has attained a Silver ranking, up from Bronze in 2007, in US News and World Reports America's Best High Schools. We were also the only A high school in Seminole County in 2009. Additionally, our principal was named Principal of the Year for the state of Florida. The support that Tech Fest provides is our way of continuing that excellence for our students while at Crooms and beyond, and helping to build the workforce for Central Florida's growing technology base. The main benefactors of TechFest are our students, through scholarships, job shadowing, internships, and mentoring, however, with TechFest we are all winners. Your business is able to build a relationship with our students and other businesses in the community, our students gain knowledge of the technology and jobs possible in the Central Florida area, and the Central Florida technology community wins by continuing to build our future leaders.

We hope you will consider partnering with us during TechFest by becoming a sponsor. Please review the enclosed packet for details of the benefit and value TechFest has to you, our students, and our community. We look forward to your support.

Sincerely,

*Patrick C. Fletcher*

## SPONSORSHIP OPPORTUNITIES

Presented by:  
**Your company name  
& logo here!**

The Business Advisory Committee of Crooms Academy of Information Technology presents TechFest IV, Seminole County's premiere event where students, faculty and local area businesses meet together to build our future.

Crooms Academy of Information Technology is truly a unique school that revolutionizes education, houses state-of-the-art information, and boasts a technology program unparalleled in Florida. Every student is issued a laptop, fully loaded with the latest in hardware and software to ensure efficiency and productivity. Along with a typical high school curriculum Crooms offers certifications in databases, networking, security, hardware and software support.

We invite you to show your support of the students at Crooms Academy, a school dedicated to preparing its students to be qualified, professional, future leaders, and tomorrow's pathfinders in the field of Information Technology. Crooms students are the next generation of technology developers. Support TechFest IV and be associated with excellence! Through your sponsorship you will enrich the lives of students working hard to get a quality education. Now more than ever, we need your partnership.

Your sponsorship dollars will benefit Seminole County Public School Foundation-Crooms Academy Endowment Fund. Thank you for your support!
